The McClean papers described as "one of the finest acquisitions" received by the Adams County Historical Society in recent years and touching on many features of local and national history throughout the nineteenth century were reviewed for members of the county society on Tuesday evening by its secretary, Miss Margaret McMillan.

The McClean collection, presented recently to the historical society by Mrs. Raymond F. (Frances McClean) Topper, contains a number of rare papers that "help give us reasons to think we are building a really fine collection of historical documents," in the words of Dr. Robert Fortenbaugh, chairman of the society's history and museum committee.

The papers, which include books, pamphlets, letters, maps, old records and an extensive collection of old newspapers chiefly of the middle 19th century, have been catalogued by Miss McMillan. Dr. Fortenbaugh and Mrs. Victor Dutters, the society's librarian.

WARREN T. DUNN IS UPPER ADAMS LIONS' SPEAKER

Warren T. Dunn, Biglerville justice of the peace and former New York city mounted police officer, was the principal speaker at the regular dinner meeting of the Upper Adams County Lions club at the Arendtsville school Tuesday night. Rowe M. Martin, Biglerville, president of the club, presided.

Mr. Dunn devoted most of his talk to fire prevention and a listing of everyday hazards which very often cause serious fires.

He said that a large number of fires in this area are chimney fires, and stressed the need for keeping chimney flues clean.

"Many persons let their fires go out in the spring each year, and do nothing until they light them again in the fall," he said. "The accumulation of soot in chimneys very often causes them to catch fire, and such fires could be serious."

Mr. Dunn also listed defective wiring, use of improper fuses and putting pennies in fuse blocks as other causes of fires. Many homes and business places are wired for a certain number of outlets, he said, and the owners or occupants attach a number of cords or appliances in excess of what the line should carry.

Smoking in bed was given by the speaker as one of the worst practices which he said causes many deaths each year.

Forty-six members of the club and two guests attended the meeting, which was in charge of the public safety committee, Blaine G. Walter, chairman, and J. D. Miller and Harry Geiselman.

BISHOP OXNAM OPENS SERIES OF LECTURES HERE

The Rt. Rev. Dr. G. Bromley Oxnam, one of the six presidents of the World Council of Churches and a bishop of the Methodist church in America, told 500 ministers and laymen gathered at the Gettysburg Lutheran Theological seminary's Church of the Abiding Presence this morning that:

"The church must be 'right up against the face of the coal' in dealing with problems of hunger throughout the world, hatred, racial discrimination, and injustice."

If the ministers and people of the Christian churches do not face the problems and solve them, "if our faith does not come alive," then "the ideology of materialism, which has become almost a religion, will succeed," he warned.

Giving five lectures

"You cannot fight an ideology with force," he asserted, "you can only oppose it and win by presenting a better ideology."

Speaking on the subject, "The Minister in a Period of Change," the first of five talks to be given by the World Council head during Seminary Week which extends through Friday. Doctor Oxnam warned that "We no longer have a choice of continuity or of change. We are now in a period of change. It is a question whether it will be a change brought about by coercion or a change brought by consent."

Two trends throughout the world were noted by the bishop: "There has always been, deep in the heart of all of the common people, every-

MAY ESTABLISH HOME 'EC.' DEPT. AT YORK SPRINGS

Officials at York Springs high school today announced tentative plans to establish a home economics department there this fall.

The schoolmen are also discussing the possibility of initiating an agricultural education class at York Springs in the fall of 1950 and beginning a basic "shop" program for York Springs high youngsters this September.

Maurice C. Bower, supervising principal of the York Springs joint school system, said today the newly-organized Parent-Teacher Association at York Springs is hoping to be able to furnish a home economics room at York Springs by next fall. The department would be established in one of the two unfinished rooms of the four-room addition constructed at the high school last year.

While officials pointed out the impossibility of establishing an agriculture course this coming year due to the expense, they said that in all probability such a course could be gotten into operation by the fall of 1950.

The basic shop course to begin this fall will consist of simple work such as sawing, use of a square, level, and similar instruction which can be carried on without the use of expensive equipment. School heads said that over a period of years the equipment could be purchased, thus improving the course each year, while at the same time providing, with the opening of school this fall, instruction in simple carpentry and the like.

Bower pointed out that "the improvements in the school will be possible only through the efforts of the people of the community. The residents of the York Springs area have proven their interest, and there is no doubt that they will carry out their plans to make York Springs the best school they possibly can."

He praised the Parent-Teacher Association for its activities in connection with the school.

The York Springs school will begin fund raising activities May 12 in connection with a May Day program, carnival, supper and band concert. The funds to be raised by that program will be used toward the purchase of football equipment for a school team which will take the field for the first time this autumn.

More than 1,000 women, with a sprinkling of men, filled the auditorium. Because of the large crowd on Monday night, extra chairs were placed for Tuesday night's session. Doors to the annex opened at 6:30 o'clock, and the cooking school enthusiasts began arriving early. The session started promptly at 7:30 o'clock.

NEW DORMITORY IS CONSIDERED FOR SEMINARY

Plans to raise \$250,000 for a new dormitory at the Gettysburg Lutheran Theological seminary were discussed Monday by the board of directors of the local seminary at the board's annual meeting held at the local institution.

Basis of the fund will be \$150,000 which will come from participation in the Lutheran church's Appeal for Christian Higher Education.

The discussion of tentative plans did not reach the point where definite details were decided. Some board members expressed the belief that for historical reasons it would be best to place a frame inside the present dormitory structure which has stood since 1832 and which served General Lee as an observatory during the battle of Gettysburg. Others felt that the old building should be torn down and a new building of the same appearance built near the same site, but a little farther back from the avenue.

Three New Directors

Three new members were named to the board: the Rev. George E. Sheffer, New Oxford, who succeeds the Rev. Dr. Dwight F. Putman; the Rev. J. G. Shannon, pastor of St. John's church, Williamsport, and George S. Yost, Baltimore attorney, who succeeds Attorney S. J. Singley, also of Baltimore.

The board ratified the election of Rev. J. W. Kelkkinen as substitute for Dr. Raymond Stamm, in New Testament and expressed its appreciation to Dr. Richard C. Wolf, assistant professor of Church history at the seminary, who leaves next fall for Yale university to head the department of American church history in the divinity school there.

Other action included plans to seek adequate repair of the battle-field avenue through the seminary campus and approval of the purchase of the house occupied by Rev. Dr. Wallace E. Fisher. The house will be used as a faculty residence.

Thirty-two of the 44 members of the board were present for the session.

UPPER ADAMS COMMISSION'S PLAN ACTED ON

At a meeting Monday evening of the executive board of the Upper Adams County Joint school district, action was taken on recommendations formed at a meeting of the school commission, composed of patrons of the district not board members and representing all segments of the population, held last Thursday evening.

Three recommendations were made as follows by the commission: All pupils of the six districts be educated within the Upper Adams system rather than through paid tuition outside the system; that the Wensville two-room building be closed next year because of insufficient number of pupils in the area and the Bendersville unit be closed with the recommendation that the board give priority to the construction of an elementary school unit in the Bendersville area; that additional funds for school purposes on the local level be secured in the following ways: 1, by increasing per capita taxes; 2, equalizing real estate taxes within the joint system and when the district is not able to secure funds under one or the other methods, both should be combined.

To Close Wensville Unit

It was announced at the commission meeting the board had received a resolution from the Arendtsville PTA unit requesting that preliminary plans be started for increasing the facilities of the elementary unit because of increase in the elementary enrollment and at the same time pledging support for the plans. It was also revealed that the board had received a petition requesting the addition of kindergarten education to the present program as soon as possible. The petition was signed by a large number of patrons in the district.

At the executive board meeting it was decided to retain students within the district for their education rather than send them to other districts and to close the Wensville unit.

Refer Tax Proposal

The recommendation concerning taxes was referred to the individual boards and the resolution of the Arendtsville PTA for increasing facilities of the elementary unit to the property committee of the joint board. It was revealed that, by increasing facilities it is meant for single grade units rather than individual schools.

No final action was taken on the kindergarten education recommendation although it was the uniform opinion of the board that kindergarten education will be organized as soon as possible although not next year.

LITTLESTOWN

Workmen are busy this week putting the finishing touches to the new addition to Littlestown high school which has been under construction since September 16, so that it will be in readiness for open house on Friday night. It is a two-story brick structure and both the exterior and interior have been built to conform with the appearance of the rest of the building.

The cafeteria which occupies the ground floor was finished first and was officially opened for the use of the student body under the supervision of Mrs. Marvin Breighner on April 30 when almost 150 ate their first meal there. All modern equipment has been used throughout the cafeteria and kitchen. The utensils are stainless steel. The kitchen equipment consists of a ten-burner gas stove, a dish washer, refrigerator, potato peeler, steam table, institution-size mixer, cupboards, tables and all necessary apparatus. All dishes used on the tables are unbreakable.

Seating capacity of the cafeteria is about 200 and it, as well as the rest of the addition, is lighted by simline, cold cathode electric lights. This addition is the first place in Littlestown to have this most modern type of lighting. When not in (Please Turn to Page 2)

Two Sailors Are Killed When Car Strikes Tractor-Trailer Near Here Tuesday Night

One man was killed instantly, another died at 5:50 o'clock this morning in the Warner hospital, and a third escaped with minor injuries after the automobile in which they were riding sideswiped a tractor-trailer on the Biglerville road 3.2 miles north of Gettysburg at 8:50 o'clock Tuesday night.

All three were attached to the Anacostia Naval Air Station, Washington, D. C.

Frank M. Dixon, 27, aviation machinist's mate second class, of Blairsville, Pa., driver of the automobile, suffered a fractured skull, State police said he was killed instantly.

William B. Rennie, 23, aviation machinist's mate first class, whose home address was given by state police only as New York state, suffered a cerebral concussion, internal injuries of the chest and abdomen, multiple fractures and dislocation of his left arm. He died in the hospital.

One Sustains Only Cut Hand

John W. Batman, 24, aviation machinist's mate second class, whose home address was given as Los Gatos, Calif., suffered only a slight cut on the right hand.

State police of the Gettysburg substation who, with Dr. C. G. Crist, Adams county coroner, investigated the accident, said that the three sailors had left the Anacostia air station about 6 o'clock Tuesday night, and were en route to visit another sailor known only to state police as "Kepner" or "Keptner." Police said that Batman told them that Dixon, driver of the car, was the only one of the trio who knew where Kepner lived.

State police today said it was believed that Kepner's home was somewhere in the northern part of Adams county, and asked that the man get in touch with them.

CHILD WELFARE SERVICES CITED AT DINNER HERE

The work of the child welfare services on a national scale was outlined Tuesday evening at the annual banquet-meeting of the county Child Welfare Services held at the YWCA.

Miss Milla Swartzbaugh, of the Federal Children's Bureau, who is now located in New York, was the principal speaker for the session attended by members of the advisory committee of the child welfare services, Judge W. C. Sheely, Commissioners Clark Petters and G. Ed. Taughinbaugh, members of the Child Welfare Services staff and foster parents of children under care of the agency in the county.

C. C. Culp, chairman of the advisory committee presided at the meeting which was also attended by Miss Babette Blumenthal, field supervisor for child welfare. Judge Sheely spoke briefly in complimenting the services on their work.

Two Serious Problems

Pennsylvania received the second largest share of the \$3,500,000 appropriated by the federal government for child welfare in the 1946-1947 period, Miss Swartzbaugh said. Texas was first. The money was divided according to rural population of the various states.

On a national scale 40 to 45 per cent of all children under child welfare care are in their own homes, and an equal number are in foster homes, Miss Swartzbaugh pointed out. Only a small percentage of the youngsters are in institutions.

The two biggest problems of child welfare throughout the nation are the securing of well-trained personnel and the increased costs of caring for youngsters, the federal agency employee said.

Thirty-three attended the dinner.

BISHOP OXNAM

where throughout the world, a desire for a more abundant life. That is the most important social fact today. In the past there never was enough to feed and clothe all in the world, even if it could have been distributed. Today we have reached a point in which possibly we can produce enough for all. At least the common man has that conviction and it is that fact which is important. It is that yearning which is going to cause the change.

Trend To World Government

"There is another trend. The common man is tending more and more toward the idea of world government to do away with the necessity of a war each generation. There have been too many killed.

"These are the forces which are determining the future. The churches have been called guilty of tending to respect too much the forces that hold power today.

"Our need is to be in touch with the dynamic forces about to take power. These changes can come democratically—or they can come through materialistic totalitarianism. That is our choice today."

Other Speakers

Bishop Oxnam was one of three speakers this morning. The others were the Rev. Dr. Carl E. Lundquist, executive secretary of the division of public relations of the National Lutheran council and the Rev. Jaroslav Pelikan, member of the faculty of Valparaiso university.

The series of lectures by the three men who talked this morning and by Dr. Roland Herbert Bainton, professor of ecclesiastical history at Yale university and the Rev. Dr. Ellsworth Plack, dean of Hamma divinity school of Wittenberg college, Springfield, O., will continue through this afternoon and evening, Thursday morning, afternoon and evening and Friday morning and afternoon. The lectures are open to the general public.

DUROCHER BACK IN GAME TODAY

New York, May 4 (AP)—Leo Durocher, off baseball's grille, resumed his role as manager of the New York Giants today but still faced court action regarding him with striking a Brooklyn fan.

The tempestuous Giant pilot, after sweating out four days of an indefinite suspension, was cleared and reinstated yesterday in less than two hours before Commissioner A. B. Chandler at Cincinnati.

Chandler held there wasn't sufficient evidence to show that Durocher had "deliberately assaulted" Fred Boyesen, a vociferous Dodger roofer, after the wild game at the polo grounds last Thursday.

"I am very happy about it all," Durocher said upon his return to New York. "I am very anxious to get back to work."

Durocher picks up the Giants' reins today from Frankie Frisch, who has been acting manager. The Giants play Pittsburgh in an afternoon game.

Durocher showed no concern over the simple-assault summons which Boyesen's attorney promised would be served as quickly as possible. The summons is returnable in Upper Manhattan court Monday.

Gettysburg high school's undefeated baseball team won its fourth straight game and its initial South Penn league victory by upsetting Hanover 7-3 in a game played at Hanover Tuesday afternoon. The victory put the Warriors in a triple tie for first place in the league.

Charley Kitzmiller twirled for the Shoemaker-clan and worked efficiently until the seventh when the Nighthawks tabbed a pair of runs and had the bases filled with two out. Coach Shoemaker called in Ronnie Kump from centerfield to fan Perree for the final out.

Gettysburg scored twice in the opening inning. Bushman led off with the first of his three singles and Signor was hit by a pitched ball. Kump moved the runners on a sacrifice and after Bucher was hit by a pitched ball Donaldson singled Bushman and Signor over the plate.

Another run came in the second on singles by Kitzmiller and Singley, a sacrifice by Bushman and a fly. The Warriors clinched the decision in the third with four runs. A hit batsmen, fielder's choice, singles by Beisecker and Kitzmiller, a double by Singley and single by Bushman turning the trick.

Hanover tallied once in the opening inning on a hit batsmen and safeties by Farree and Rightmire. The Nighthawks' rally in the seventh came on a pair of errors, a base on balls, two singles and a hit batsmen.

On Friday the Warriors face their most important tilt when they clash with unbeaten Chambersburg, defending South Penn champions on the latter's field. Kump is slated to hurl for the locals.

Eastern League

(By The Associated Press)

The Elmira Pioneers, who escaped from the Eastern League cellar in the closing days of the 1947 and 1948 campaigns, steered far away from the basement today.

Manager Don Heffner's rearmend St. Louis Brown Colonists moved into second place last night with a 3-1 win over the Wilkes-Barre Indians. The triumph gave the Pioneers the series, 2 to 1, and kept them within one game of the league-leading Albany Senators.

Pinky May of Albany club took the odd game of its three-game set with the Binghamton Triplets, 5-0. The champion Scranton Red Sox, trying to blast their way out of second division, showed power again in winning, 14-11, at Williamsport.

Signs New Bill On Antlerless Deer

Harrisburg, May 4 (AP)—Only hunters residing in an affected county will have a voice in setting aside antlerless deer seasons under a new law signed by Gov. James H. Duff today.

The new statute requires the State Game commission to drop any plans for an open season on deer other than bucks if 51 per cent of the resident hunters licensed in a particular county and farmers join in petitioning against such a season.

Previously only licensed hunters had a voice and it did not matter where the license was issued to give them a voice in the matter.

The Wilmington Blue Rocks boast a two-game lead in the Interstate league today after winning their fifth straight game last night and their sixth in seven starts this season.

The Rocks turned back the Allentown Cardinals 4-2 as John Walz, Baltimore right-hander, won his first victory in organized baseball. Walz allowed only three hits and both Allentown runs in his seven and one-third innings on the mound.

The Hagerstown Owls, one of the teams with greater promise this year than last, nipped the Harrisburg Senators 8-7 to hold onto second place in the standings. A seven-run rally in the seventh frame provided the winning margin.

The Lancaster Red Roses nosed out the Trenton Giants 1-0 in a pitching duel between the Roses' Eddie Yasinski and the Giants' Al Corwin. Yasinski allowed only three hits and Corwin five. A walk, a balk and a single in the sixth inning produced the lone tally.

York edged Sunbury 3-2 in the remaining game last night, another hurling battle between York's Bill Stratton and Sunbury's Jim Davis. Stratton turned in a winning six-hit job. Davis permitted only five base knocks.

Sports Roundup

By HUGH FULLERTON, JR.

New York, May 4 (AP)—They may have to install a new totalisator at Churchill Downs to figure out how much the Kentucky Derby winner will have to shell out for Louisville's new occupational tax. . . . Not only the owners but jockeys and trainers will be required to pay one per cent of their earnings—on a net profit basis. . . . It would take one of those mechanical marvels to work out those figures. . . . When Hirsch Jacobs took Palestine to Louisville for the derby, it was his first trip to the Downs, although he has been a trainer for more than 20 years. . . . If Byron Nelson decides to play in the National Open Golf tournament at Chicago's Medinah club, he should have plenty of support. Byron won the 1939 western open and the 1946 victory open there, coming through each time after Lloyd Mangrum blew up. . . . In the western, Nelson heard Mangrum had taken a six on the 12th hole and remarked: "I'll need one birdie and five pars to win." He got the birdie on that same 12th and parred the rest.

Another Slugfest
Those seven round trippers helped the Senators outslug the Chisox, 14-12, in a 10-inning Donnellybrook. Clyde Villmer, rookie outfielder led the hit parade with two homers, a single and double. But it was home runs by Evans and Gil Coan in the 10th that decided the issue. Other homer hitters were Washington's Eddie Robinson, Christman and Ed Stewart, and Chicago's Gus Zernial and Joe Tipton.

The Boston Red Sox and Detroit Tigers played a 14-14 tie that was halted by darkness after 13 innings. This slugfest match produced four home runs, two by each side. Vern Stephens hammered his sixth and Ted Williams his third for the Red Sox, and Johnny Groth hit his fifth and Aaron Robinson his third for the Tigers.

The New York Yankees, aided by Phil Rizzuto's home run, defeated the St. Louis Browns, 5-3 to increase their American league lead over the idle Cleveland Indians to three full games. Joe Page, who relieved starter Ed Lopat in the seventh, retired nine men in a row to receive credit for his second relief victory of the season.

Shutout for Brooklyn
The pitchers fared much better in the National league where Ralph Branca of Brooklyn shut out the Cincinnati Reds 3-0 and Walter Dubiel pitched the Chicago Cubs to a 4-0 victory over the Boston Braves.

In other games, the New York Giants inaugurated their night schedule by whipping the Pittsburgh Pirates, 5-3, and the Philadelphia Phillies won their fourth straight by defeating the St. Louis Cardinals, 7-3.

Sid Gordon, Willard Marshall and Mickey Livingston cracked home runs off Murry Dickson to help Clint Hartung register his third victory for the Giants. Gordon, who leads the National league with five round trippers, also walloped a double and triple.

Phil Cavarretta made things a bit easier for Dubiel with his four-base knock as the right-hander permitted only five Boston hits and allowed only one runner to reach third. Dubiel did not walk a batter for the second straight game.

LOCAL KEGGLERS WIN

SEVEN HOMERS HELP SENATORS DEFEAT CHISOX

By JOE REICHLER
(Associated Press Sports Writer)

It looks as if this will be a happy and prosperous year for the "swing-from-the-heel" boys, better known as the home run hitting fraternity.

Time was when such sluggers as Babe Ruth, Lou Gehrig, Jimmy Foss, Mel Ott, Hack Wilson and Hank Greenberg had a monopoly on the four-base wallop, not so today. Everybody wants to—and usually does—get into the act.

Already 87 athletes have pored at least one over the fence. Altogether they've accounted for 159 round trippers. The list of fence busters includes such "stalwarts" as Luke Appling, Mike Guerra, Mark Christman, Al Evans, Mike McCormick and Richie Ashburn.

7 For Senators Tuesday
Applying failed to hit a single home run in 139 games last year. McCormick, Guerra and Christman had one apiece, and Evans and Ashburn put together two each.

Even the Rookies are taking the hint and gripping the bat at the very end of the handle. Already Johnny Groth (5), Clyde Vollmer (4), Jack Graham (4), Glen Nelson, Stan Lopata, Puddin'head Jones, Pete Milne, Lloyd Merriman, Gene Woodling, Gerry Coleman, Dick Kryhoski, Jerry Scala and Gus Zernial have rocketed the ball out of the park.

No fewer than nine home runs were hit at Comiskey park yesterday, seven by Washington and two by Chicago. That was only one short of the major league record.

Those seven round trippers helped the Senators outslug the Chisox, 14-12, in a 10-inning Donnellybrook. Clyde Villmer, rookie outfielder led the hit parade with two homers, a single and double. But it was home runs by Evans and Gil Coan in the 10th that decided the issue. Local DAR Meets: The May meeting of the Gettysburg chapter of the Daughters of the American Revolution was held Saturday afternoon in the chapter room in the First National Bank building, with 26 members present. A report of the National DAR conference held in Washington, was given by the delegate, Mrs. Guile Lefever.

Mrs. William A. Granville, of Chicago, Illinois, conducted the meeting during the annual election of officers, which resulted in the election of the following: Regent, Mrs. J. Paxton Bigham; first vice regent, Mrs. S. F. Lehman; second vice regent, Mrs. J. H. Fleming; treasurer, Mrs. J. L. Butt; recording secretary, Mrs. Charles Knox; registrar, Mrs. Harry M. Hartman; historian, Miss Sherry Scott; and chaplain, Mrs. Walter Danforth.

Mrs. Harry M. Hartman and Miss Kate Gilbert served refreshments during the social hour.

Celebrate Anniversary: Mr. and Mrs. Samuel Weiser, North Stratton street, entertained a number of friends at dinner at the Penn Harris hotel, Harrisburg, Sunday, celebrating their thirty-first wedding anniversary.

Couple Cross Line to Wed at Frederick: Miss Bessie Miller, daughter of Mr. and Mrs. William Miller, Gettysburg R. 8, and Steven Smith, son of Mrs. Alice Smith, Steinwehr avenue, were married in Frederick, Md., Tuesday afternoon by the Rev. Father Quinn. The bridegroom is employed as a mechanic at the Central company, York street.

Miss Epley Wins First Prize in Essay Contest: Prize winners of the annual essay contest of the local chapter of the Daughters of the American Revolution have just been announced by the regent, Mrs. J. Paxton Bigham. First prize was won by Miss Geraldine Epley, a senior in the Gettysburg High school; second prize will go to Miss Mary Rife, also a member of the senior class.

Judges of the contest were Judge D. P. McPherson, the Rev. Dr. J. A. Singmaster and Dr. Thomas L. Cline. The essays were written on the subject, "The Northwestern Territory."

Motor Patrol Reaches Town: Gettysburg's detachment of Motor Highway Patrolmen has arrived in town, two members of the force having set up headquarters Thursday afternoon at the City Hotel. Corporal C. Smith, of Lancaster, will be in charge of the detachment, while his companion is Patrolman Rankin Metcalf, formerly stationed at Chambersburg.

Committee Will Decide Winners: Owing to a mixup said to have resulted from the failure of certain members of Biglerville teams to be weighed to determine the class in which they should be entered, some of the results of Saturday's annual field day meet for the children of the public schools in Adams county, will not be definitely known until Tuesday.

The field and track meet on Saturday at Nixon field was the most successful of its kind, according to Professor Shank. More than 400 boys and girls participated. With the exception of the volleyball games, which were played at the Playground, the other events were run off at Nixon field.

The committee headed by Professor Lloyd C. Keefover will hold a meeting Monday evening to determine the winners. Other members of the committee are Miss Helen H. Hartley, Miss Lydia S. Robert, John A. Hale, Leslie V. Stock, Elmer M. Gruver, Clarence P. Keefer, John M. Stitt, Miss Edna Albert, Miss Mary E. Rudisill, J. Clair VanDyke and George H. Punt.

Miss Margaret McMillan was in charge of the weighing of the athletes.

Hartlaub-Gouker: John H. Hartlaub, son of Mr. and Mrs. Frank Hartlaub, of Littlestown, and Miss Nedah V. Gouker, daughter of Mr. and Mrs. David Gouker, of Gettysburg, were married Thursday eve-

By GEORGE MATTHEW ADAMS

DIGGING FOR GOLD

Miners dig long and deep for the precious thing that we call gold. Only in rare instances has this gold been discovered upon surfaces. Often it is discovered miles below the surface of the earth.

Digging for knowledge and understanding is the same. You have to go deep into the heart of a person to gain the gold of character and truth. And in the great books that have endured you have to dig, as well, for the gold of character and truth is hidden there. Often a great book has to be read and re-read before its significance is revealed.

Here is a sentence from the writings of John Ruskin that applies to the reading of books. He said: "The metal you are in search of being in the author's mind or meaning, his words are as the rock which you have to crush and smelt in order to get at it." It is because of the hidden ore of golden thoughts, that is so deeply hidden in great books, that we should read carefully again and again its worth. It is this hidden treasure in thoughts that has made great books live and be turned to again and again.

Only this day I selected a little book from my library which I had not read for years, and I was amazed that I had neglected it for so long as it was filled with hidden gold! The best and choicest of a man or woman lives in his or her books.

I am now engaged in reading a book in two volumes that will probably take me many months to complete—but every once in a while I come to what the miner terms "pay dirt." In other words, veins of golden thoughts. That is why this book has been termed one of the great books of the world. I refer to Charles M. Doughty's "Arabia Deserta." I note that the second volume's leaves remain uncut. The former owner apparently got discouraged, as many a miner has, and left off digging! I do not intend to.

Nothing comes to any of us without great labor. Easy success withers early. If we want the gold out of life we must dig deep for it. But we must want it first!

Tomorrow Mr. Adams will talk on the subject: "Into the Peaceful Harbor."

BOY IN THE BASEMENT

The man who'll run the business ten or fifteen years away

Is some youngster in the basement doing simple tasks today.

When a manager is needed in the future they'll employ

The one who's now succeeding in the basement, as a boy.

In life success and failure oft are noted at the start.

The lad who fails the lesser, seldom gets the greater part.

But the man they'll choose tomorrow for the better post and pay

Is some youngster in the basement who is doing well today.

What time and chance may offer none is wise enough to see

But a boy's the sign and promise of the man that is to be.

And that youngster in the basement, if he does the best he can,

Is the one they'll choose tomorrow when they're looking for a man.

WOMAN FOUND CHAINED TO BED; MAN IS CHARGED

York, Pa., May 4 (AP)—Sheriff Clyde F. Bentzel said a 48-year-old woman was found chained to a bed in her brother-in-law's home — clad only in an under garment and splattered with blood.

District Attorney Harold B. Rudisill filed a charge of assault and battery against the brother-in-law, William Gable, 58, a chain plant worker who told authorities he holds a certificate as a minister of the gospel.

Bentzel said the woman, Ellen Swemley, had blood marks on her face and neck when he went to the Gable home yesterday after neighbors complained.

Tells of Beating
The woman had chains wrapped about her body and wrists and was fastened to the bed with a heavy rope as well, Bentzel said, while dogs were chained to the front and rear doors of the house.

The sheriff said Gable told him he secured his sister-in-law to the bed after she threatened his wife, Alverta, 38, with bodily harm. The two women are sisters.

Ellen Swemley told him, Bentzel said, that Gable had beaten her and chained her to the bed Monday night after she was caught taking a piece of bread from the table. She insisted, Bentzel said, that she took the bread because she was hungry.

Bentzel said the woman—who was quoted as telling him she was chained in the cellar for four days last week without food—had been an inmate of the Pennhurst school for defective women for 30 years. She was released a year ago and spent six months in the York county home before going to live with the Gables, the sheriff said.

DROPS SEGREGATION SUIT

Philadelphia, May 4 (AP)—Deveraux Tomlinson, 26-year-old Philadelphia negro, has dropped his "segregation" suit against the U.S. Army. Franklin H. Williams, counsel for Tomlinson, said Monday the suit had been withdrawn because of Secretary of Defense Louis Johnson's recent anti-discrimination order. Johnson's directive told military officials not to practice segregation or discrimination against negroes.

Detroit, May 4 (AP)—New lines of attack on the tuberculosis bug—the No. 1 disease killer of Americans between the ages of 15 and 34—were outlined today. Research aimed at greater control of the wily germ of the "white plague" was described at the opening of the 45th annual meeting of the National Tuberculosis Association—the organization you support with purchases of "Christmas Seals."

SPRAY AT PETAL FALL STRESSED

County Agent M. T. Hartman Monday sent out a petal fall spray letter to apple growers and warned that the spray is "one of the most important to prevent scab infection."

A check last Thursday showed scab and frog-eye leaf spot present on new leaves in unsprayed Adams county orchards, Hartman reported. He also added that the long bloom period makes the danger of scab infection more serious at this time.

Trees which have received no spray during the past 14 days should be sprayed as soon as 85 to 90 per cent of the petals are off, Hartman said, adding that the spray must be applied in any case before the calyx closes.

Three sprays were recommended by the county agent. The first calls for wettable sulphur, 12 pounds flounce in Summer fashions, all designed with the simplicity that spells good style and easy sewing, and with special attention to the use of cottons. WOMAN AGENT SHADOWED GIRL

Washington, May 3 (AP)—A woman agent of the FBI was included Tuesday among prosecution witnesses on the shadowing of Judith Coplon and Valentine A. Gubitchev before their arrest on espionage charges.

Four agents were called to testify in federal court about a Feb. 18 meeting of the former justice department analyst and the Russian.

John M. Kelley, Jr., a prosecutor, identified the four as Thomas J. McAndrews, Miss Sappo Manos, T. Scott Miller, Jr., and Roger W. Robinson.

Kelley said all four took part in the trailing of Miss Coplon and Gubitchev when they met briefly in New York Feb. 18.

Later witnesses will testify how they followed Miss Coplon, 27, and Gubitchev, 32, in the hours preceding their arrest March 4.

Miss Coplon, a tiny brunette, is on trial in Federal court here on charges of copying and removing secret data from justice department files. She and Gubitchev, a suspended United Nations employee, are scheduled for trial May 9 in New York on espionage conspiracy charges.

Four FBI agents told yesterday how they "shadowed" Miss Coplon and Gubitchev Jan. 14—their first meeting mentioned by the prosecution. Miss Coplon's attorney, Archibald Palmer, says they met on other occasions and that Miss Coplon "had an affection" for Gubitchev. Miss Coplon denies, however, that she carried on espionage activity.

Funeral Director Killed In Crash

Carlisle, Pa., May 4 (AP)—John Wesley Kelso, 61, McConnellsburg funeral director, was killed Monday when his hearse was struck by a truck at the nearby Middlesex interchange.

State Policeman J. J. Sopko charged Stanley A. Dent, 31, Berryville, Va., with aggravated assault and battery after Dent said his brakes failed to hold. His tractor-trailer was loaded with heavy steel beams. Dent was released on \$1,500 bail.

The impact hurled the hearse

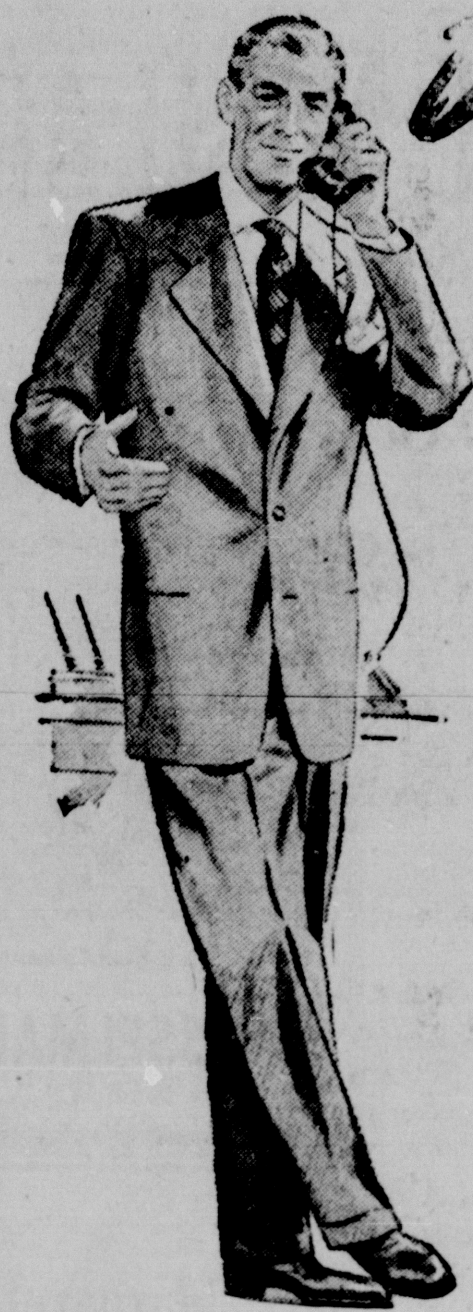

nearly 100 feet through the guard rails and down an embankment where it caught fire. A passenger in the hearse, C. B. Chubb, also of McConnellsburg, was thrown out of the vehicle but was uninjured.

Coroner E. A. Haegele said Kelso died of a broken neck, crushed chest and internal injuries.

New York, May 4 (AP)—The General Electric company says that fourth-round wage increases and other benefits sought by the CIO

MANY BILLS ARE SIGNED INTO LAW BY DUFF TODAY

Harrisburg, May 4 (AP)—Pennsylvania's taprooms will be able to operate television sets for their patrons without buying amusement permits starting September 1. Gov. James H. Duff signed into law today a bill sponsored by Rep. Frank A. Costa (R-Phila.) granting the exemption.

Some \$400,000 in estimated amusement permit fees annually is involved.

The issue arose last year after the state supreme court held that television sets provided amusement for taproom patrons in the same manner as moving pictures and that state permits were required. License fees range from \$25 to \$120 depending on the size of the municipality with most of the television sets already installed in licensed places in Philadelphia and Pittsburgh.

Signs Soft Drink Bill

The state has been collecting the permit fees since the Supreme Court ruling was made in an action brought by the state Liquor Control board.

Governor Duff also approved a bill continuing the state's soft drink tax on bottled carbonated water after June 1.

When the General Assembly first continued the pop tax, carbonated water, cider, fruit cordials and simple syrup were exempted with a result estimated revenues were cut from \$27,000,000 to \$22,000,000 a year. The state Revenue Department estimated that restoration of the levy on bottled carbonated water would put the revenue back to the old figure.

Other new laws signed by Duff provide for:

Bringing the state Relations Board and the state Unemployment Compensation Board of Review under the Department of Labor and Industry in the administration code and the elimination from the same law of the state Industrial Board as an advisory agency.

Repeal of a 1890 law which allows the recovery of losses by the purchaser in a sale of short weight of dry goods or groceries.

U.S. Soldier Is Sentenced To Die

Tokyo, May 4 (AP)—A 20-year-old U. S. Army private from Chicago was sentenced to death Monday night for the butcher knife slaying of a Japanese girl.

Private James W. Harris denied any connection with the crime. He said he was in a Japanese cafe more than a half mile from the girl's home when she was slain the night of January 5.

Testimony placed Harris at the home of Shimako Mitsuhashi, 22, that evening. Witnesses said his voice was heard in conversation with her and that she had told them she feared Harris.

Seconds after the voices were heard the girl screamed, and friends ran to her. They found her dying of two stab wounds in the throat and six in the back. A butcher knife with a seven-inch blade was buried in her throat.
